PROFESSIONAL SUMMARY

Dedicated web developer with more one year of hands-on experience in full-stack technologies, including ReactJs, Node.js, Express.js, MongoDB, MySQL, Redux, HTML, CSS, and JavaScript. Passionate about creating innovative web solutions and committed to delivering exceptional user experiences.

EDUCATION

Bachelor of Technology (Electronics and Communication Engineering) Dr AITH government college Kanpur Uttar Pradesh	2016 - 2020 Grade: 73.0%
Intermediate (Class XII) Mahatma Gandhi Inter college Gorakhpur	2012 - 2014 Grade: 84.0%
Matriculation (Class X) Smt. Chandrawati Devi Sikshan High School Ranighat Ghanti Deoria Uttar Pradesh	2011 - 2012 Grade: 78.0%

EXPERIENCE

Software Engineer Dipole Tech Innovations	April 2024 - Present <i>Mohali</i>
- Developed and maintained responsive web applications using the MERN stack (MongoDB, Express.js, React, Node.js), ensuring optimal performance across devices and browsers. - Designed and implemented RESTful APIs with Node.js and Express.js to enable efficient and secure communication between frontend and backend systems. - Built dynamic and scalable frontend components using React and managed complex application state with Redux for seamless user experiences.	
Associate MERN Stack Developer Vibhuti Technology	January 2023 - April 2024 <i>Mohali, Punjab</i>
- Developed and maintained responsive web applications using the MERN stack. - Designed and implemented RESTful APIs using Node.js and Express.js, facilitating seamless data communication between the frontend and backend systems.	

INTERNSHIPS

FULL STACK WEB DEVELOPMENT — BOOTCAMP TRAINING Newton School	February 2022 - December 2022 <i>Bangalore</i>
Full Stack Web Development along with Data Structures and Algorithms, Problem Solving.	

PROJECTS

HiHelloHR , (Demo)	November 2024
- Features: Developed an employee management system for HR and managers to handle hiring, payroll, check-in/check-out, and attendance tracking using face recognition, thumbprint, and metallic card technologies. - Tech Stack: React, JavaScript, jQuery, PHP, MySQL, HTML, CSS, Bootstrap – used for building responsive UIs and implementing secure backend logic for data and attendance management.	
Eurocharged , (Demo)	May 2024
- Developed a full-featured e-commerce platform for vehicle sales, allowing customers to browse and purchase cars by selecting model and year, view detailed specifications (e.g., gearbox, engine stages), and add products or add-ons to their orders. - Implemented a dual-role system: customers can browse and purchase, while admins can manage users, orders, product details, pricing, SEO settings, blog content, brand/model visibility, and view monthly order analytics (completed, cancelled, pending).	

- Tech Stack: React, JavaScript, JSX, Node.js, MySQL, Bootstrap, CSS – used for building dynamic UI components, backend services, and database management.

Borhan, ([Demo](#))

December 2023

- Features: A platform to find good lawyers/advocates in your area for all your legal needs. also provides law college information legal news and resources. Developed a platform to help users find qualified lawyers and advocates in their local area for various legal needs.
- Included additional features such as law college directories, legal news updates, and access to legal resources to support user research and decision-making.
- Tech Stack: MongoDB, Express.js, React, Node.js, HTML, CSS – used to build a full-stack web application with dynamic data handling and responsive design.

EndlessTales, ([Github](#)) ([Demo](#))

April 2023

- Features: This website is AI based and for kids where user can create stories with chapters . First user have to login than he have to choose options of story type .User can create ,share, delete , archive ,review ,listen ,make playlist of stories and user can see daily trending stories and share story on social media.
- Tech Stacks : React, Node.Js , Express.Js, Mysql, HTML, CSS

SKILLS

Computer Languages: SQL, JavaScript, CSS, HTML, NoSQL

Software Packages: Mongo DB, MySQL, Express JS, Bootstrap, NodeJS, Redux, React, JQuery

Additional Courses: Data Structure

Soft Skills: Communication Skills

Others: Jira

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in various coding competitions hosted by Newton School
- 2nd prize in Robotics workshop
- 1st prize in Fashion Show in Kanpur
